

```
1 import React from 'react'
2 import MyProfile from "./modulecss/MyProfile"
3
4 const App = () => {
5
6     return (
7         <>
8             <MyProfile/>
9         </>
10    )
11 }
12
13 export default App
```

```
1 import React, { useState } from 'react'
2 import Style from "./MyProfile.module.css"
3
4 const MyProfile = () => {
5
6     let username = "Punith L"
7     const [course, setCourse] = useState("WebTech")
8
9     let changeCourse = () => {
10         setCourse("Reactjs")
11     }
12
13     return (
14         <>
15             <h3>{username}</h3>
16             <h3>Course is : {course}</h3>
17             <button onClick={changeCourse}>CHANGE COURSE</button>
18
19             <div className={Style.divBlock}>
20                 <h1>My IdCard</h1>
21                 <p>B.E.</p>
22                 <br/>
23                 <p>2025</p>
24             </div>
25
26         </>
27     )
28 }
29
30 export default MyProfile
```

A screenshot of a dark-themed code editor window. At the top, there are three circular icons: red, yellow, and green. Below them is a block of CSS code:

```
1 .divBlock {  
2     height: 200px;  
3     width: 200px;  
4     background-color: black;  
5     color: aliceblue;  
6 }
```
